## More reopening good news!

Hello everyone!

We have some updates for you!

**First, we are going to continue to worship outside as long as the weather is nice. This continues to be the best option for most people!**

Second, as many of you know, the CDC and New Jersey have updated their guidelines. So when we have indoor services, here are some updates:

If you are vaccinated: Masks are not required and social distancing is no longer mandatory.

If you have not been vaccinated: Please wear a mask and maintain social distancing.

**RSVPs are no longer necessary, we will have congregational singing and the balcony will be open!**

Thank you everyone and see you Sunday!

Grace + Peace,

John

## Out Come the Sparklers & Lots of Summer Fun

By Elaine Peacock

I can't believe it is almost the 4th of July holiday. We get an extra day to celebrate our Nation's 245th birthday, an extra day to go to the fireworks displays that are being held throughout our area, extra chances to hear Stars & Stripes Forever, and march to the beat of the drum. When I was a kid, we would spend the 4th of July week in Leonardo, we could see the fireworks across the bay by Coney Island and of course we each had some sparklers to run around the bon fire with. Of course, our parents kept reminding us not to touch the hot end when the sparkler burned out. We would stick them in the sand to cool them off. There was something magical about having a hot dog, running around with our sparkler and watching the fireworks across the bay and at the end of the fireworks we ended the night with ice cream.

Summer fun always meant not only a week at the shore, but also a trip to my grandma's & grandpa's home in Pennsylvania about 40 miles south of Pittsburgh. They had a small farm and it meant I got to pick a favorite "pet" chicken, help in the large garden, take a walk in the field to bring the cow in for milking and long walks with my uncle and the dog. I looked forward to the annual trip every August we always left very early in the morning to get a jump on the traffic; the closer we got to our destination the more excited I got.

I know I'll be watching the concert and fireworks from Washington, DC, Macy's fireworks and the Boston Pops and also seeking out some new areas for a long walk; I know my uncle and the dog will be walking right by my side.

Happy Birthday America!!!!
